BALTIMORE CATTLE MARKET, April 14, 1870. Baltimore Cattle Marker, April 14, 1870.
Beef Cattle—Prices to-day ranged as follows:
Old Cowsand Scalawagiat 4 25a 55; ordinarythin
Steers, Oxen and Cows at 5a 56; fair quality
Beeves at 7a 58, and the very best Beeves at 8a
59 124 per 1(0 lbs, the average price being about \$6 75 gross. The market was dull to day at a decline of 25 to 37½c per 100 lbs from the rates

of last week.
Sheep-The supply has been better during the past week than for some weeks previous, as follows: At 5 acte per lb gross for fair to good Sheep.

Hogs-The market has been less active during the past week than the previous week, but rates have been fully maintained. Prices to-day ranged as follows: At 12a\$13 for still-fed, and 12 75a\$13 50 per 100 lbs net for fair to good

In the New York Dry Goods market the bus-iness of the past week has not been what it ought to have been at this season of the year; and all classes-jobbars, agents and importers -have been alike disappointed. Prices have been steady, and no decided change has taken place in the rates of leading makes of domestic fabrics. The early purchases by the jobbers in the Western cities having been above the present market prices, has had a depressing influence upon them, as they have been compelled to sell at a loss.

LOCAL NEWS.

it being the day on which the sacrifice on Cal- ments. The coal wharves here look busy. vary is commemorated, and all the services are very solemn. But by far the most impressive is the unveiling of the cross in token of venera- | fine shad, herring, and perch. tion.-There is no ordinary mass said to day, but what is called the mass of the pre senctified is said.—The ceremony of kissing the cross is performed first by the priests and their atterdants and then by the congregation. The altars are entirely denuded of their ornaments and the priests and aco'ytes are clothed in mourning. The sacred Hest, taken in precession and placed in the repository yesterday, is removed to the main altar and consumed by the officiating clergyman. In the Episcopal Churches the services were as on all other holy days, the reading of the lesson of the day and the preaching of an appropriate sermon. The ser vices yesterday (Holy Thursday) in the Catholie Church were very imposing. To-morrow will be celebrated as Holy Saturday.

ALEXANDRIA LITERARY ASSOCIATION .-The regular weekly meeting of the Alexandria Literary Association was held at the rooms of the Christian Association on the night of Wednesday last, Edmund Burke in the chair .-There were present Messrs. Reddy, Kemper, J. C. Hill, G. R. Hill, W. F. Carne, R. L. Carne, Shay, Chilton, Massey, Harrison, Seeva, Williams and Veitch. In the absence of Messrs. Chas. E. Stuart and William Kilgour, the declaimers appointed for the occasion, Brigade, and Mr. Reddy delivered an address upon the assertion that "Knowledge is power." The question: Does personal beauty really exist? was debated by Messrs. Harrison, J. C. Hill, and Chilton in the affirmative, and Massey in the negative, and was decided by the chairman in the negative. The discussion was prolonged, lasting until eleven o'clock.

Foreign Importations.—There are now lying at the wharves three vessels, two large barques and a brig, and another barque is on her way here, all direct from Liverpool, with cargoes of salt for Alexandria merchants. A portion of one of the cargoes, ground alum salt, and a first rate article, was sold by auction on Saturday last, at from 33 to 35 cents a bushel; rates much lower than those ruling at any other port in the country, as can be seen by reference to any price currents, and it seems really remarkable that people with good sense, and alive to their own interests, should go, or send their orders through this city, to points outside of the State, for what they can produce here for less money.

RELIEF HOOK AND LADDER COMPANY. -At a meeting of the Relief Hook and Ladder Co., held last night, a new constitution for the government of the company was adopted, and but rates are unchanged. Prices to day ranged | the following named gentlemen were elected to fill the offices created by it : President, Capt. J. M. Steuart; Vice President, M. Mellean Secretary, G. Edwin Entwisle; Assistant do., Geo. Uhler; Treasurer, J. M. Johnson; Fore man, Norman F. Moore; 1st Assistant do., Reverdy J. Daingerfield; 2nd Assistant do. R. M. Latham; 3rd Assistant do., W. R. Warfield ; 4th Assistant do., Henry Cook.

> LAND SALE. - Brawner & Co., Land Agents of this city, sold on the 12th inst. a tract of land without improvements, containing 80 acres, belonging to Mr. Robert Bentley, Jr., near Gilford depot, A., L. & H. R.R., to John O. Biggs, Esq., of Hunterdon county, New Jersey, for \$30 per acre, cash. Mr. Biggs has already purchased the necessary materials and will forthwith commence the crection of build ings and other improvements on his land.

A., L. &. H. R. R.-The House Committee on the District of Columbia met yesterday, and had under consideration the bill authorizing the corporate authorities of Washington to subscribe to the capital stock of the Alexandria, Loudoun, and Hampshire Railroad Company, to which several amendments of minor importance were made, and Mr. McKenzie was instructed to report the bill to the House and urge its passage.

LOCAL BREVITIES. - The alarm of fire about eight o'c'ock last night was caused by the burn ing of the woods on Mr. Hemmersly's farm on the opposite side of Hunting Creek.

E. M. Lowe, esq., recently appointed Judge of the Hustings Court of this city, has resigned

the office of Notary Public. This is fine fishing weather and the eatch is daily increasing. More shad were at the wharf yesterday than had been received there during any single day for a long time past.

The residents of Laphen's row have been on the look out for two nights past for a man sup posed to have made an attempt to set fire to those buildings. He was seen once in Mr. Wm. Kuhn's store there, but left in such a hurry that he forgot to carry his coat with him. Newspaper Statements. HOW THE PROPER TEST THEIR TRUTH.

This is not an age when people believe or trust whatever they see in the public journals. Fif y or sixty years ago when the accuracy or a statement that had appeared in one of the ga zettes or "News Letters" of the day, was quistioned, it was considered a sufficient answer to a'l cavil to say. 'It must be so, for I read it in the newspaper.' It is not so now. Newspaper assertions must be verified before they are taken for granted, and this is especially the case as regards statements setting forth the remedial properties of proprietary medicines. For example: it was not until the tonic and alterative properties of Hostetter's Stemach Bitters had been deliberately and thoroughly tested by thousands, and found to be in perfect accord with the printed claims put forth in its behalf that it was accepted by the public at large as a Standard Renedy. But when multitudes who had resorted to it as a safeguard against malarious fevers, a cure for indigestion and biliousness, a means of strengthening the frame cheering the spirits and imparting constitutional vigor, came forward and testified that its beneficial effects had exceeded their most sanguine expectations, of course the world believ-1. To resist such proofs was impossible .-Great care has been taken from the beginning not to overstate the merits of the Bitters. Exaggeration and bombast have been the death of many preparations that might otherwise have survived. They were "weighed in the balance and found wanting." Hestetter's Bitters, on the contrary, have never been announced in grandiloquent language as a cure for every bodily ill, but simply as a pure, harmless, vogeta-blespecific, possessing remarkable invigorating, regulating, anti-bilious and antiseptic properties. This is exactly what the public know the medicine to be, and its enormous sales is an argument in its favor. ap 11-eolw

Office of FISH & HATCH,

BANKELS AND DEALERS IN GOVERN.

MENT SECURITIES, No. 5 NASSAU STREET, NEW YORK,

February 15th, 1870. The remarkable success which attended our negotiation of the Loans of the CENTRAL PA-CIFIC RAILROAD COMPANY and the WESTERN PACIFIC RAILROAD COMPANY, and the popularity and credit which these Loans have maintained in the markets, both in this country and Europe, have shown that the First Mortgage Bonds of wisely-located and honorably-managed Railroads are promptly recognized and readily taken as the most suitable, safe and advantageous form of investment, yielding a more liberal income than can hereafter be derived from Government Bonds, and available to take their place.

Assured that, in the selection and negotiation of superior Railroad Loans, we are meeting a great public want, and rendering a valuable service-both to the holders of Capital and to those great National works of internal improvement whose intrinsic merit and substantial character entitle them to the use of Capital and the confidence of investors-we now offer, with special confidence and satisfaction, the

FIRST MORTGAGE BONDS OF THE

Chesapeake and Ohio Railroad Co. The Chesaneake and Ohio Railroad, connecting the Atlantic coast and the magnificent harbors of the Chesapeake Bay with the Ohio River at a point of reliable navigation, and thus, with the entire Railroad system and water transportation of the great West and Southwest. forms the additional East and West Trunk Liue, so imperatively demanded for

the accommodation of the immense and rapidly

growing transportation between the Atlantic

seaboard and Europe on the one hand, and the

great producing regions of the Ohio and Mississippi Valleys on the other-The importance of this Road as a new outlet from the West to the sea magnifies it into one of national consequence, and insures to it an extensive through traffic from the day of its completion; while, in the developement of the extensive agricultural and mineral resources of Virginia and West Virglnia, it possesses, along its own line, the ele-

ments of a large and profitable local business. Thus the great interests, both general and local, which demand the completion of the Curs-APEARE AND OHIO RAILBOAD to the Ohio River, afford the surest guarantee of its success and value, and render it the most important and substantial Railroad enterprise now in progress in this country.

Its superiority as an East and West route, and the promise of an immease and profitable trade awaiting its completion, have drawn to it the attention and co-operation of prominent Capitalists and Rathout men of this City, of sound judgment and known integrity, whose connection with it, together with that of jeminent citizens and business men of Virginia and West Virginia, insures an energetic, honorable and successful manage-

The Road is completed and in operation from Richmond to the celebrated White Sulphur Springs of West Virginia, 227 miles, and there remain but 200 miles (now partially constructed) to be completed, to carry it to the proposed terminus on the Ohio river at, or near, the mouth of the Big Sandy River, 150 miles above Cincinnati, and 350 miles below Pittsburg. Lines are now projected or in progress

through Ohio and Kentucky to this point, which will connect the Chesapeake and Ohio with the entire Railroad systems of the West and Southwest, and with the Pacific Railroad. Its valuable franchises and superior advantages will place the Chesapeake and Ohio RAILROAD COMPANY among the richest and most powerful and trustworthy corporations of the country; and there exists a present value, in completed road and work done, equal to the

entire amount of the mortgage. The details of the Lean have been arranged with special reference to the wants of all classes of investors; and combine the various features of convenience, safety and protection against

loss or fraud. The Bonds are in denominations of

\$1,000, \$500 and \$100.

They will be issued as Coupon Bonds, payable to Bearer, and may be held in that form : or The Bond may be registered in the name of GRAND VOCAL AND INSTRUMENTAL the owner, with the coupons remaining payable to bearer attached, the principal being then transferable only on the books of the Company,

unless reassigned to bearer; or The coupons may be detached and cancelled the Bond made a permanent Registered Bond transferable only on the books of the Company,

and the interest made payable only to the re gistered owner or his attorney.

The three classes will be known respectively 1st. "COUPON BONDS PAYABLE TO

BEARER. 2d. "REGISTERED BONDS WITH COU-PONS ATTACHED. 3d. "REGISTERED BONDS WITH COU-

PONS DETACHED," and should be so desig nated by Correspondents in specifying the class of Bonds deared. They have THIRTY YEARS to run from January 15, 1870, with interest at six per cent per annum from November 1, 1809. PRINCI-PAL AND INTEREST PAYABLE IN GOLD in the

city of New York. The interest is payable in Max and Novem-BER, that it may take the place of that of the earlier issues of Five-Twenties, and suit the convenience of our friends who already hold Central and Western Pacific Bonds, with interest, payable in January and July, and who may desire, in making additional investments, to have their interest receivable at different seasons of the year.

The Losn is secured by a mortgage upon the entire Line of Road from Richmond to the Ohio River, with the equipment and all other property and appurtenances connected therewith. A Sinking Fund of \$100 000 per sanum is provided for the redemption of the Bonds, to take effect one year after the completion of the

Road. The mortgage is for \$15,000 000, of which \$2,000,000 will be reserved and held in trust for the recomption of outstanding Bonds of the Virginia Central Railroad Company, new merged in the Chesarsake AND OHIO.

Of the remaining \$13,600,000 a sufficient amount will be sold to complete the road to the Ohio river, perfect and improve the portion now in operation, and thorougaly equip the whole for a large and active traffic.

The present price is 90 and accrued interest.

A Loan so amply secured to exceedily guard-

ed, and so certain hereafter to commend a

ed, and so certain hereites to command a prominent place among the favorite securities in the markets, both or this Country and Europe, will be at once appreciated and quickly absorbed. Very respectfully.
